FY2016 Business Plan

Masashi Muromachi
President & CEO
Toshiba Corporation

March 18, 2016
This presentation contains forward-looking statements concerning future plans, strategies and performance of Toshiba Group.

These forward-looking statements are not historical facts, rather they are based on management’s assumptions and beliefs in light of the economic, financial and other data currently available.

Since Toshiba Group promotes business in various market environments in many countries and regions, its activities are subject to a number of risks and uncertainties that, without limitation, relate to economic conditions, worldwide mega-competition in the electronics business, customer demand, foreign currency exchange rates, tax rules, regulations and other factors. Toshiba therefore wishes to caution readers that actual results might differ materially from our expectations.

Toshiba’s fiscal year (FY) runs from April 1 to March 31. All figures are consolidated totals for the 12 months, unless otherwise indicated.
1. Progress of the Toshiba Rebuilding Initiative

2. FY2016 Business Plan
   ① Focus Business Fields
   ② Overall
Milestones Toward Revitalization

**Strong Businesses**
- Where to Compete
- Resource allocation
- Customer value & technology
- Completion of Business Structural Reform
  - PC, HA, TV
  - Discrete, LSI
  - HDD
  - T&D
  - Corporate

**Strong Management**
- Balance sheet
- Governance
- Group strategy
- Human resources
- Emergency Plan
  - Sales of Toshiba Medical Systems Corp.
  - Sales of assets and stocks
  - Renewal of corporate governance

**Social Trust**
- Ethical standards
- Internal control
- Disclosure
- Culture change
- Stronger Internal Controls
  - Complete Change of Mindsets
  - Improve Disclosure Policy

**~end of FY15 Entity Survival**

**FY16 Return to the Capital Market**
- Focused Investment
- Profit in all Business
- Shift to BtoB Solutions Business

**FY18 Establish Profit Platform**
- Establish Constitution of High Cash Flow and ROI
- Create New Growth Engine
- Decrease Interest-bearing Liabilities
- Root New Corporate Governance

**FY20 Persistent Evolution**
- Return to Growth Track
- Secure Management Platform
- Unwavering Trust
- Establish a Corporate Culture grounded in Integrity
- Become a Model for Internal Controls

**Milestones Toward Revitalization**
- Completion of Business Structural Reform
- Sales of Toshiba Medical Systems Corp.
- Sales of assets and stocks
- Renewal of corporate governance
- Stronger Internal Controls
  - Complete Change of Mindsets
  - Improve Disclosure Policy
- Cancelation of Designation as “Securities on Alert”
- Recover Trust of Stakeholders
- Establish a Corporate Culture grounded in Integrity
- Become a Model for Internal Controls

© 2016 Toshiba Corporation
The Sale of Toshiba Medical Systems Corp.

Share Transfer Agreement with Canon Closed on March 17

Reasons for the Sale
• To maximize Toshiba Medical Systems Corp’s value and realize its full potential
• For Toshiba to improve its financial status.

Sales Price
• Approximately 665.5 billion yen

Future Outlook (In case Toshiba recognizes gains within FY2015)
• Record a profit of approximately 590 billion yen (consolidated, profit (loss) before taxes).
• TMSC will be classified as a discontinued operation in Toshiba’s FY2015 financial reports

Toshiba is currently recalculating its business forecast for FY2015 and will promptly announce the forecast once it has been determined.

* Toshiba transferred to TMSC shares of US subsidiaries, such as Toshiba America Medical Systems, Inc., previously held by Toshiba America, Inc., prior to the sale to Canon, for approximately 22.5 billion yen.
Home Appliance and Visual Products Businesses

**Home Appliance Business**

- Completed restructuring within March 2016, as planned
- Signed MOU on selling business to Midea on March 17
  - Toshiba will sell a majority interest of Toshiba Lifestyle Products & Services to Midea Group Co., Ltd.
  - Will discuss retaining all global employee and operation sites
  - Will continue discussions on details towards a definitive agreement to be finalized by the end of the month
- The sales network in Japan will also continue

**Visual Products Business**

- Will remain in Toshiba Group after transfer of Toshiba Lifestyle Products and continue business
The PC Businesses

Business Reform is proceeding as planned
Return to a profitable condition in FY16

- Headcount: Reduction of 1,300 people (as planned)
- Closed BtoC operations outside Japan (as planned)
- Slimming down sales units and operation sites, as planned for FY16
- Toshiba Client Solutions Co., Ltd will be established on April 1
- Stop all ODM and eliminate all buy-sell transactions in FY16
- Further reform under discussion with third parties
## Human Resources

### Update of Headcounts due to Structural Reform

**Forecast** -13,820 people (+2,980 against target)

※Includes 2,840 people reallocated within Toshiba

### Change in Number of Toshiba Group Employees

- **FY14 end:** 217 thousand
- **FY15 end:** 202 thousand
- **FY16 end:** 183 thousand

Reform and sale of business (-21 thousand)
New hires and consolidated (+6 thousand), etc.
Sales of businesses (-19 thousand)
Emergency Measures and Recruitment Plan

### Emergency Measures - Personnel Expenses -

**Bonuses**
- Executive Officers: Unpaid
- Managers and above: 2.5 months reduction/year, max 50% of previous year
- Others: 2 months reduction/year, max 50% of previous year

**Compensation and Monthly Salaries**
- Executive Officers: Continuation of current reductions
- Managers and above: Increased reductions (e.g. Section Managers: ¥10,000 to ¥30,000 reduction)

**Allowances**
- Overtime: Adjust to legally required level
- Business Trips: Reduction of 25%

---

**Recruitment Plan**

Toshiba Corporation will not hire new graduates in FY2017
Improvement Plan and Situation Report

Formulate additional measures to prevent recurrence, considering past circumstances, background and structural factor analysis
Refer to “Principles for Listed Companies in Scandal” and not rely solely on the report by the Independent Investigation Committee

■ Former CEOs – Background of nearly impossible demands to achieve profit improvements –
  • Analyze management environment during tenure of former CEOs, take historical background of business performance evaluation and budget control into consideration
  • Strong sense of crisis in respect of company’s survival, obsessive concern with their evaluation from inside and outside the company
    → Enhance internal checks and balances function in respect of top management

■ CFO/Finance and Accounting Division – Why they didn’t prevent the problem? –
  • Tolerated inappropriate accounting without clarifying where lines have to be drawn, out of attitude to following top management
  • Management-accounting-oriented attitude to budget achievement
    → Give the Nomination Committee the right to consent to CFO selection
    Review the chain of command in financial accounting and management accounting

■ Insufficient risk evaluation in financial reporting – Why internal controls did not function-
  • Less emphasis on accounting perspective in internal audit division, etc.
  • Resets of J-SOX control settings and training for J-SOX assessors were insufficient
    → Clarify division of duties in Internal Audit Div. (Accounting)/Established accounting compliance committee

■ Stance on and system for appropriate information disclosure – Reconsider the system and its lack of provisions for timely disclosure-
  • Delayed disclosure of goodwill impairment at Westinghouse Electric Company/ Delayed disclosure of investigation status by Independent Investigation Committee, etc.
    → Clarify basic policy on information disclosure, improve information disclosure system.
## Improvement Plan and Situation Report

</thead>
<tbody>
<tr>
<td>Disregarded Internal Controls</td>
<td><strong>Former CEOs</strong>&lt;br&gt;• Strong sense of crisis regarding company’s survival&lt;br&gt;• Obsessiveness with evaluations inside and outside the company</td>
<td>• Clarify responsibilities (Action for compensatory damages against former executives)&lt;br&gt;• Strengthen monitoring and controls by the measures below</td>
</tr>
<tr>
<td>Imperfect internal checks and balances function</td>
<td><strong>Former CFOs</strong>&lt;br&gt;• Authority concentrated in President&lt;br&gt;• Tolerated inappropriate accounting out of attitude of following top management</td>
<td>• Clarify responsibilities (Action for compensatory damages against former executives)&lt;br&gt;• Give the Nomination Committee the right to consent to CFO selection</td>
</tr>
<tr>
<td></td>
<td><strong>In-house Companies</strong>&lt;br&gt;• Pressure from Corporate to achieve high growth and to avoid withdrawals from operations&lt;br&gt;• Short-term standard for planning budgets and evaluating business performance</td>
<td>• Shift emphasis from profit to cash flows when planning budgets and evaluating business performance</td>
</tr>
<tr>
<td></td>
<td><strong>Finance &amp; Accounting</strong>&lt;br&gt;• Too much focus on management accounting&lt;br&gt;• Fixed personnel</td>
<td>• Review the chain of command for financial accounting and management accounting&lt;br&gt;• Recruit external talent</td>
</tr>
<tr>
<td></td>
<td><strong>Internal Audits</strong>&lt;br&gt;• Disregard of accounting perspective&lt;br&gt;• Inexperience with accounting and auditing</td>
<td>• Define authority and responsibilities (focus on financial audits)&lt;br&gt;• Increase headcount of Internal Audit Division, take advice from outside experts</td>
</tr>
<tr>
<td></td>
<td><strong>Board of Directors, Nomination Committee, Audit Committee</strong>&lt;br&gt;• Defective personnel organization and lack of expertise&lt;br&gt;• the process to select/dismiss the President and CEO was unclear&lt;br&gt;• Insufficient provision of information required for discussion</td>
<td>• Appoint managers and experts as outside directors&lt;br&gt;• Clarify the process to select/dismiss the President and CEO  (Introduce vote of confidence for CEO)&lt;br&gt;• Strengthen function of gathering information required for discussion&lt;br&gt;• Appoint a Full-Time Audit Commissioner (external)</td>
</tr>
<tr>
<td></td>
<td><strong>Corporate Level</strong>&lt;br&gt;• Lack of awareness of appropriate financial reporting&lt;br&gt;• Deficiencies in business processes</td>
<td>• Establish Accounting Compliance Committee&lt;br&gt;• Review business processes&lt;br&gt;• Enhance information disclosure/dissemination function (establish new organization)</td>
</tr>

Restructure Corporate Staff Division

Restructure to strengthen internal controls and autonomous management of in-house companies

Strengthen Internal Controls

Separate Financial Accounting and Results Accounting

• Separate the Finance & Accounting Division into a Finance & Cash Accounting Division and an Accounting Division

Strengthen Disclosure and Communication

• Reposition Public Relations & Investor Relations Office as a division directly under the President & CEO, and establish a new Information Disclosure Office within the division

Autonomous Management of in-House Companies

Transfer cross-company functions to business side

• Shrink sales, production and development functions in corporate and shift them to in-house companies
Steps Needed to Secure Cancellation of the “Securities on Alert” Designation

Steady preparation of written submissions on internal control systems

   ② Overall
Basic Commitment of the Toshiba Group

We, the Toshiba Group companies, based on our total commitment to people and to the future, are determined to help create a higher quality of life for all people, and to do our part to help ensure that progress continues within the world community.

**Commitment to People**

We endeavor to serve the needs of all people, especially our customers, shareholders, and employees, by implementing forward-looking corporate strategies while carrying out responsible and responsive business activities. As good corporate citizens, we actively contribute to further the goals of society.

**Commitment to the Future**

By continually developing innovative technologies centering on the fields of Electronics and Energy, we strive to create products and services that enhance human life, and which lead to a thriving, healthy society. We constantly seek new approaches that help realize the goals of the world community, including ways to improve the global environment.

Committed to People,
Committed to the Future. TOSHIBA
Management Policy of Toshiba Group

Manage with Integrity

• Place highest priority on ethics and compliance
• Nurture an open corporate culture
• Push forward with CSR Activities

Construct a Healthy Management Platform for Growth

• Operations grounded in cash flow
• Enforce thorough portfolio management
• Autonomous management of in-house companies
Focus Business Fields

Focus on Platform Businesses that Sustain People and the Future

Storage
that sustains the advanced information society

Infrastructure
that sustains quality lives

Energy
that sustains everyday lives, that is cleaner and safer

Energy Business Domain - Aiming to be a top global company -

**Large-scale Power Generation systems**

**Nuclear Power**
- PWR (AP1000)
- BWR
- World's No.1 share* 27%
  *Reactor main contractor, installed capacity basis

**Thermal Power**
- World's most efficiency CC system* 62%
  *LHV basis

**Renewable Energy**

**Hydro Power**
- Adjustable-speed pumped storage system
  World's No.1 share* 55%
  *Delivered units basis

**Geothermal Power**
- World's No.1 share* 26%
  *Operating plant capacity basis

**Photovoltaic**
- No.1 constructor for utilities in the domestic market
  *Operating PCS Capacity basis

**Transmission and Distribution**

**Energy Storage**

**T&D**
- Battery-based Energy Storage Systems
  Japan No.1 Share*
  *GIS, Transformer, Protection Relays, Load dispatching centers
  *Unit deliveries of large systems using lithium-ion batteries

**Fuel Cells**
- Japan No.1 share*
  *Cumulative shipments in Japan as of end of FY2014
  *Smart meters for residential use

**Smart Meter Systems**
- World's No.1 share*

**Hydrogen**
- No.1 constructor for utilities in the domestic market
  *Operating PCS Capacity basis

Providing the world with technologies and services for making, transmitting and storing clean energy

Realizing a low-carbon economy

© 2016 Toshiba Corporation
Main focuses on the Nuclear Energy business and securing sustainable profit in Thermal and Renewable Energies and T&D. Aiming to achieve steady growth with an excellent delivery record and cutting-edge technologies.

**Focus growth business**

- **Nuclear power**
  - Fuel and maintenance as profitable pillars of business
  - Steady progress in AP1000 construction in US and China
  - Use S&W* acquisition to build an integrated system, from products to construction
    (*CB&I Stone & Webster Inc.)

- **Thermal power**
  - Make steady progress in current projects, increase orders for high efficiency coal-fired thermal plants in South-east Asia and thermal plants in the US (100 units in the US, No.1 share*)
  - Use high efficiency and early delivery technologies to expand service business
    (*Cumulative capacity, last ten years.. Source: McCoy Power Report)

- **Renewable energy**
  - Hydro: Use Chinese subsidiary to expand business in South-east Asia
  - Geothermal: Promote collaboration with Omat, the world leader in binary geothermal systems*
    (*Platts World Electric Power Plants Database)

- **T&D and smart meter systems**
  - Ensure stable profit in the focus area of infrastructure*
    (*T&D: Japan, Middle East, India and US)

---

*Heavy-ion radiotherapy system business retained, as it is the application of nuclear technology*
Energy Business Domain: Nuclear Power Business Mid-term Plan

Secure world No.1 position in fuel and maintenance businesses
Pursue completion of the innovative, safe AP1000 reactor
and make new builds an engine of growth

AP1000 progress
- China (Sanmen, Haiyang)
  Support trial operation for start-up of world’s first AP1000
- US (Vogtle, V.C. Summer)
  Start concerted construction with integrated system (WECTEC)

Business in Japan
- **Light Water Reactors**
  - Restart operation, observe new regulatory requirements against serious accidents
  - Enhance engineering capabilities and facilities for extending operating life
- **Fukushima Daiichi Nuclear Power Plant**
  - Establish decommissioning technology, such as for removal of melted fuel

Net sales (Billion yen)

**Overseas business**
- **Fuel and Maintenance**
  - Secure fuel and maintenance business for delivered plants
  - Expand business in other types of reactors
- **New Construction**
  - Worldwide total capacity 392GW\(^1\) → 624GW\(^2\)
  - Targeting 45 orders by FY2030, including India and UK
  - Strengthen competitiveness by standardizing design and improving proficiency

(*1: Year 2013, *2: Year 2040)
Fukushima Daiichi Nuclear Power Plant Stabilization and Decommissioning Plan

Toshiba Group as a whole is contributing to the stabilization and decommissioning of Fukushima Daiichi Nuclear Power Plant. Currently, 800 Toshiba Group employees are working at Fukushima every day.

Maintaining Stability

- Cool Reactors and Spent Fuel Storage Pools
- Overall Coordination of Contaminated Water Treatment System
  - Development, manufacture and installation of radionuclide removal systems (cesium removal equipment and multi-nuclide removal facility)
  - Toshiba treated about 3/4 of a total 620k tons of highly contaminated water (completed removal of highly contaminated water in May 2015)
  - Constructed and installed contaminated water storage tanks (completed installation of 107 units)

Medium- and Long-term Measures

- Spent Fuel Removal
  - Deploy fuel removal system in Unit 3 (Toshiba and WEC in cooperation)

- Melted Fuel Removal
  - Deploy investigation robot for inside reactor containment vessel
  - Deploy tetrapod robot
  - Deploy muon*-based technology to map the position of melted fuel

* A cosmic-ray produced by collisions of high-energy electrons and protons with nitrogen and oxygen in the atmosphere.

Provide customers with reliable technologies and services that support society and industry

Realize a safe, secure and resilient society

*Share % is for Japanese market, based on Toshiba research; ** Based on field test results by Toshiba
Infrastructure Business Domain: Infrastructure Systems & Solutions Company

Drive overseas growth by strengthening building, facility and water treatment businesses
Strengthen profitability of domestic business to secure stable cash generation

**Focus Growth Businesses**

- **Elevators**: Launch strategic products for India; increase orders by enhancing local sales and manufacturing system
- **Air-conditioning**: Increase sales by new product development and establishing new offices in Europe and North America
- **Water treatment**: Global roll-out of EPC and O&M* business in collaboration with UEM, consolidated since FY2015
- **Batteries**: Expand SCiB sales by investing in increased production (increase capacity by 50%); widely used in ISS** by major automotive companies and in EV buses outside Japan, etc.

**Stable Growth Businesses**

- **Sustain and enhance customer-oriented business based in maintenance services**
- **Work on renewal needs and demand for Tokyo Olympics**
- **Deploy IoT solutions and high-level maintenance utilizing monitoring control technologies**
- **Recover profitability by completing restructuring and quality improvement measures**

---

* EPC: Engineering, Procurement and Construction, O&M: Operation & Maintenance
** ISS: Idling Stop System
Storage Business Domain

- Use advanced manufacturing technology to bring cutting-edge products to innovative markets
- Contribute to creating the infrastructure of the information society with leading storage technologies, and by working with customers

World No.2 in NAND share

© 2016 Toshiba Corporation
Continue to invest in the Memory business  
Accelerate development of BiCS FLASH™  
Bring all businesses into the black and achieve steady growth

Focus Growth Business

- Memory Business
  - Despite lower sales prices in FY16 1H, sales will grow
  - From FY17 onward, increase net sales on expansion of SSD demand, etc.

Stable Growth Businesses

- Discrettes and System LSIs
  - Expand sales by focusing on power devices and on the industrial (mainly imagining devices) and automotive fields (FY16 Net Sales +20% vs. FY15)
  - Establish manufacturing company, Japan Semiconductor (April '16)
    (increase production manufacturing efficiency and expand foundry business)

- HDD
  - Expand line-up of enterprise and near-line products (FY16 Net Sales +30% vs. FY15)
Storage Business Domain: Mid-term Plan for Memory Business

Enhance Cost Competitiveness by accelerating development of BiCS and expand SSD business

- Accelerate BiCS capacity increases (stacking process)
- Devote more resources to SSD development, open SSD Design Center in North America
- Develop storage class memories for high speed SSD

Strengthen Flash Memory Production

Invest approx. 860 Billion yen (Total, FY16 to FY18)
- Invest in equipment for the 3D process
- Complete New Fab 2 Building (1Q/FY16)
- Develop site for new production facility (FY16)
- Construct new production facility (FY17)

Net Sales (Billion yen)

Measures to Secure the Financial Platform

Prioritize Improving the Financial Platform

Organize Financial Platform

Concentrate investments in cash generating fields, based on the business portfolio

Strict consolidated-base control of interest-bearing liabilities of the in-house companies
  • Establish financing limit for in-house companies, put in place monthly monitoring system

Urgent Fund Raising

Raise over 1 trillion yen in FY15, FY16
  • Assets sold in FY15
    Sale of Toshiba Medical Systems Corp.  665.5 billion yen
    Sales of stock holdings  200 billion yen
  • Raise further funds through sales of the Home Appliance business and additional sales of stock holdings
Investments

Continue to invest in the Storage and Energy businesses

- Focus on Memory business
  - BiCS mass production facility
  - Construct new production facility

- Limit investments in other areas to refurbishment

Capital expenditures, Investments and Loans (Billion yen)

<td>370.0</td>
<td>370.0</td>
</tr>
</tbody>
</table>

- Focus on R&D in technologies that generate cash flows
- Create new growth businesses
  - Batteries (SCiB)
  - Power electronics
  - IoT for energy business (smart meter + services)
  - Media intelligence (RECAIUS)
In Closing

1. Concentrate on Focus Businesses

2. Improve the Financial Platform

3. Return to the Capital Markets
